Dear Mr P Baguley

Application reference: 2010/0289

Address of proposal: Severn Trent Water plc, Stoke Lane, Stoke Bardolph, Nottingham NG14 5HL

I am writing to object to the proposed wind turbine development at Burton Joyce / Stoke Bardolph on the basis of the proximity of the structures to the Poplars Sports Ground, Station Road, Burton Joyce.

The proposed turbines will have a significant effect on the ability to participate in sport at the Poplars. In particular the impact of noise disturbance, shadow and solar flicker, distraction and the health and safety impact of a structure so close to sporting activity will make it impossible to participate in meaningful sport.

Ultimately this would lead to the demise of the poplars sports facility and the requirement of hundreds of people to have to seek alternative sporting arrangements.

Yours sincerely
